“I love LoveGem Studio’s work! The ring I ordered was delicate and beautifully crafted, with the perfect sterling silver patina. Yin Yin responded very quickly to all my inquiries and was able to fabricate this special ring just in time for an anniversary. Thank you for a delightful experience!”

- Maressa from KissOfVenus

“I ordered this ring as my wedding band, and I must say I absolutely love it! The black color has rubbed off a bit since I first put it on, but it allows the pattern to truly show through, and it’s beautiful! Thank you very much for a ring that I’ll be wearing for a long, long time!” -- Kathryn
